**The Voyage to Rome (Part 1)**

***Path for Believers obvious –***

**NOT SO FOR UNBELIEVERS**

The account of the ship voyage in Acts is indeed a masterpiece of literature.

However, the exposition of the account is also a masterpiece.

Luke's details are thoroughly explained, and, for each of the details,

a powerful application is made for our lives.

The presentation is riveting.

I am in an academic environment surrounded by agnostics and cynics.

I urged three colleagues to listen with me.

They all thoroughly enjoyed the lesson and all are eager to learn the rest of the story!

Seattle, Washington

Masterful exposition of a masterpiece of literature - Acts 27.

The presentation is calm, measured, clear and powerful.

This lesson is catching the attention of, and earning favor from, people

who have never previously indicated any interest in any Bible passage.

And, of course, as always

the gospel message is presented clearly and simply.

for the first time in my life,

despite being a frequent church-goer,

I heard how to be saved by trusting in Jesus as my savior.

Praise God and bless you.
