The Kingdom messages are resonating throughout the city

offering hope and anger

on the part of many of the churches!

One problem is that M le Prof is the only person we know who is 100% bilingual!

Salut M le Prof!

## 28. ZECHARIAH'S FIRST VISION

God sends His patrolling angels to stir up turmoil to expose evil

**Today's left wing socialists" are actually  
extreme right wing fascists**

**(There is no such thing as socialism !)**

**"SOCIALISM" is actually "FASCISM"**

The explanation of the different socioeconomic systems is

the first I have ever heard that makes sense

and which accords with the facts.

I was so impressed that I am broaching the religious content with anticipation.

Paris, France

All true.

Fortunate my savior protect.

China

Excelling talking of government.

## **Nations, Borders, Immigration, Globalists vs Nationalists**

### ***Biblical Principles***

***for Nations, Borders, Sanctuary Cities***

***Controlled Entry of Immigrants***

The newest study of nations, borders, immigration is stunningly insightful.

**HOW MANY MISGUIDED CHRISTIANS,**

**TAUGHT BY IGNORANT PREACHERS,**

**ARE ESPOUSING POLITICAL AGENDAS**

**WHICH ARE CONTRARY TO WHAT THE BIBLE SAYS!**

Chicago, Illinois

*Letters continue on the next page ...*

The excellent study of right vs. left led me to explore the site  
and to discover “The Bible: Origin & Transmission” series.

This is a monumental presentation.

When I listened to the Septuagint study I did not know who the speaker was  
but as soon as I began to listen to the New Testament section

I knew immediately who he was.

I will respect his obvious desire for anonymity.

I would however like to express my gratitude for this work

which captures for posterity the work of the committees

in establishing the New Testament text.

I realized that this professor is almost certainly the only person in the world

who would have the contacts and the background

to present this vital information.

Every believer needs to listen to this.

It is a difficult issue but he has presented it in the clearest possible way.

Keep listening and it will make sense.

This is an outstanding evangelist tool

because the Gospel is presented in astonishing clarity.

Vienna

EXCELLENT study on right and left.

And it is so interesting and informative

that my agnostic friends listen with great interest

and are accessing the site!

Always clear gospel message.

Paris, France

Mister Talker talking so funnily of the boy Jehu.

We like laugh.

Thank Jesus. So we happy and laugh.

## NO-NONSENSE CAPTAIN JEHU

## **DRAINS THE SWAMP**

Excerpts: *Beach Boys, "409"*

Closing: *Surfaris, "Wipeout"*

The lesson on Jehu is stunningly appropriate to the situation in America!!

Such a call to prayer!

The impersonation is awesome.

Marie

Philadelphia, Pennsylvania

Response to Marie's guestbook entry:

*Thank you, Marie, for your comments!*

*You have articulated the very reasons we posted the study on  
Captain Jehu at the top of our webpage.*

*Our desire was to encourage Christians to respond to Franklin Graham's  
call to pray for President Trump this Sunday, June 2nd.*

*May the prayers be empowered with gospel verses.*

*(Examples can be found at [RadicalGrace.com](http://RadicalGrace.com) front page under  
"Proclaiming the Gospel -- the Good News of Jesus Christ")*

*May the Lord's hand move mightily in our nation!*

*Connie Tatum*

I can't stop listening to the study of Jehu.

It is extremely funny -- the impersonation is dead on.

**BUT WHAT A SOBERING MESSAGE AND INDICTMENT  
OF BELIEVERS WHO DON'T GET IT.**

I am distributing this. I hope others do.

Christine  
Fairfax, Virginia

*Thank you, Christine!*

*Kudos to you and all the others for delivering to pastors and the media the posted audios addressing our nation – our God-ordained president, the importance of sealed borders, controlled entry of immigrants, and the destructive forces of socialism (which is actually fascism).*

*Such distribution of the audios has proven to be the most effective means of enlightening others of God's blueprint for individuals and nations. Informed pastors become emboldened to proclaim the Good News of Jesus Christ, so that the minds and hearts of Americans may turn back to our Creator, Sustainer, and Redeemer.*

*God bless you, Christine, and all you other messengers! And God save America!*

*Connie Tatum*

# June 2019

The story of King Jehu is a masterpiece!!

The correlations with modern America are astonishing  
and the impersonations are hilarious.

But the point is very serious.

I have contacted the local media both Christian and secular  
and they actually have shown interest.

As always the gospel is presented as the simple message of good news that it is.

## DRAINS THE SWAMP

Excerpts: *Beach Boys*, "409"

Closing: *Surfaris*, "Wipeout"

The lessons of borders and nations is spectacular.

I know that some of our leaders, especially one in a very high position,  
have listened and are responding.

I know his family.

I am very interested in the religious content.

France

## Nations, Borders, Immigration, Globalists vs Nationalist

### BIBLICAL PRINCIPLES

*for Nations, Borders, Sanctuary Cities  
Controlled Entry of Immigrants*

***Letters continue on the next page . . .***

The study of the borders and immigration has exposed  
the ignorance of many pastors who,  
probably well intentioned,  
are advocating policies which are completely opposite to the Biblical outlines.

I have shared with many colleagues in political science  
and have seen remarkable turnarounds in their thinking.

The Gospel presentation is astonishing in its clarity.

Rome, Italy

Americans need listen to story of Jehu before is too late.

Also should listen about Jesus before He is taken from you.

Do not think that cannot occur.

Kiev, Ukraine

Comment made:

*Listeners,*

*This post presents a danger which can happen in any society, when the good news of salvation by simple trust in Jesus as savior is removed from the community / country.*

*When that happens, the country can either slide to official atheism or to a state tolerated religion with no Gospel of Jesus {i.e., no cross}.*

*Johnny Tatum*

I enjoy very much the wonderful story of Jehu.

I understand the references and I know the person who he talks like. Hahaha

I enjoy so much I listen 5 times.

Then I trust Jesus my savior.

Jehu - Great Old Testament Stories #18

The study of Jehu is spellbinding.

The parallels are obvious -- that is, once it was clearly presented.

Right thinking people need to share this.

I've been a Christian my entire life

but this is the first I've heard about the issue of

trusting in Jesus and nothing else.

Very thought provoking.

Sydney, New South Wales, Australia

***Letters continue . . .***

The study of Jehu is one of the most brilliant, energetic and persuasive presentations  
I have ever heard.

I am very stubborn and yet, after listening (many times)

I completely changed virtually all of my political opinions!

The humor is essential.

Otherwise I would have never listened to an entire religious broadcast.

Above all I have a new respect for Jesus.

In fact my next studies will be from the life of Jesus on this site.

Berlin, Germany

Most admire borders lessons.

Especially grateful for message of Jesus as I comprehend it.

Cambodia

Excellent lesson concerning borders and security.

**I SINCERELY HOPE THAT AMERICANS PAY CAREFUL ATTENTION.**

**OUR CITY IS RUINED BECAUSE OF FAILURE TO PROTECT CITIZENS**

**FROM EVIL RELIGION.**

The message of Jesus is very exciting.

Marseilles, France

Amazing presentation of Jehu, combined with the borders and nations study!

These lessons have profoundly impacted my understanding of these matters  
as well as my understanding of trusting in Jesus.

**THEY HAVE ALSO STIRRED UP INCOMPREHENSIBLE RAGE!**

Seattle, Washington
