

Letters to Worldnet Grace Ministries

July & August 2017

The excellent Bible origin series I found intriguing several months ago.

I continued to listen with delight.

Upon my third listening I trusted in Jesus as my substitute in death.

Prague, Czechoslovakia

Greetings!

Your site has sustained me for many difficult days and nights.

Your support for the military, based on Biblical principles, is greatly appreciated.

USM

I reluctantly begin the study of the ship journey to Rome.

{Acts: God uses only Defective People – lessons 32 – 36}

Immediately I was drawn irresistibly to continue.

The narrative is exciting and the commentary is enlightening.

The doctrine of Jesus is somewhat appealing.

Jerusalem, Israel

Thank you all the dear people who make these Bible lessons available.

We have no other teaching available for us.

Through these messages we heard the good news of salvation

and we continue to grow with each new lesson.

The stories of the trip across the sea are wonderful.

Many continue to be saved as they trust in Jesus.

Iceland

On behalf of many,

thank you for these great lessons which we have been clinging to.

We appreciate the strong support.

USM

Thank you for sending the Bible lessons to us.

There exists no alternate for us.

These are my life -- cling to Jesus!

Moscow, Russia

Amaze good talking of the ship travel.

Very amaze talking of Jesus.

This man is very amaze.

Beijing, China

All of the studies are perfect for assisting me to draw in the people.

The ship voyage series is a masterpiece and a Godsend.

Everyone loves them,

and they provide excellent opportunities for me
to witness as I translate.

Great work and great Gospel presentations

in the lessons and in the documents.

Beijing, China

Amazing messages which lifted me out of the darkness of the religion

into which I was born and in which I was thoroughly brainwashed.

These studies brought me to the cross of Jesus who erases all of my sins forever

by simply trusting in Him.

Nothing more.

Rome, Italy

The Acts series is majestic, especially the final ones tracing the journey to Rome.

I have invited many friends to listen with me.

They have been unanimously well received among unbelievers.

Now I will wait to see how many broadcasters conform to these new lessons!

Tacoma, Washington

The masterful Bible origin series led me to this site.

The Acts studies drew me to the Bible.

The Bible drew me to Jesus.

Thank you for saving my life.

Milano, Italy

Captivating story of the trip across the sea to Rome.

These lessons, being my first experience with the Bible,
have been very important in my life.

I have greatly benefited from knowing about the man Jesus,
whose name was very familiar, but of whom I knew little.

I am looking forward to happiness to know more of Him.

Budapest, Hungary

Greetings from Ireland and a heartfelt thank you for your Bible studies.

I love this teaching because it is clear and thought provoking.

My thoughts needed provoking a few years ago

when I trusted in Jesus as my savior

after the lesson on Jesus and Nicodemus. [{Life of Jesus #19}](#)

The series on the book of Acts was excellent, especially the last 4.

Dublin, Ireland

The lesson on God's poverty plan is outstanding.

I anticipate some hostility.

Chicago, Illinois

Comment:

Thank you for your comments.

*Whenever Johnny addresses issues that have potential political implications,
we are never surprised to hear reports of hostility.*

Just curious -- which particular lesson were you listening to?

Knowing this would help me collate the studies in the index.

Thanks! Connie Tatum

Reply:

The Acts series showed that when people tried to share everything,
that produced poverty.

The parables demonstrate that private property is the divine plan
for economic health.

These are all excellent!

Chicago, Illinois

2nd Comment:

*Thank you for your excellent analysis demonstrating your familiarity with the
Acts and the Life of Jesus series. I updated the Index today (July 16, 2017),
including our most recent post -*

God's Plan for solving Poverty

I think you will appreciate the study. Connie

Glorious messages.

For first time I found God after trying so diligently.

I found God in Jesus who is God, man, and the person who erased my sins forever!

Tbilisi, Georgia

The story of the boat would scare hell out of me.

But it is good.

It is good for knowing God.

Very new.

Beijing, China

The Bible origin and transmission series are the first important breakthrough in

New Testament scholarship since the 1980's.

These lessons are the first to successfully explain

the nuances of the Greek NT to laypeople.

And, the scholars I know freely admit that they have learned very much.

The facility in the Greek language and

the ability to read the ancient script based manuscripts

is extremely impressive.

Even more impressive is the inclusion of the Gospel in every lesson.

The series is a masterpiece.

San Donato Milanese, Italy

Amazing Bible origin studies.

Led me to the Bible and to serious consideration of Jesus.

Bonn, Germany

Les études de la Renaissance dans le contexte d'une vision du monde centrée sur Dieu sont spectaculaires.

Je suis tellement heureux de me relier avec mon professeur de français préféré depuis des années.

En fait, je savais qu'il était chrétien à cause
des messages subtils tissés dans ses conférences!

Île-de-France

Translation:

The Renaissance studies in the context of a God-centered worldview are spectacular.

I am so happy to connect with my favorite French professor from years ago.

In fact, I thought he was Christian because of
the subtle messages woven into his lectures!

The Renaissance studies
are found in the "History of the World" series,
Lessons 42 – 46

Very powerful listening to the entire book of Acts lessons.

Via the excellent stories I heard for the first time of the person Jesus.

A person, yes. But more.

Not just a man but the God Himself!

And so He saved me!

Hong Kong

Superb presentation of Socrates, Plato and Aristotle.

The spiritual insight was new to me

but is actually presented in a winsome manner.

I anticipate further research into the spiritual issues discussed by the professor.

Patras, Greece

{“History of the World” series, Lessons 31 – 33}

Before I began to listen to these talkings, I was complete ignorant of everything.

But in the now I have knowledge of God.

Knowledge of Jesus who also God!

Also then I was pleasing to have the know that

Jesus takes me with Him into heaven!

Beijing, China

The quantum mechanics studies were recommended to me many times
but I refused to listen because I have an aversion to religion.

However, many new developments are frankly troubling.

So I, in near desperation, began to listen.

I was stunned.

The speaker presented the only rational explanations I have ever heard about
time moving backwards,

quarks not really existing until they are observed.

Amazing. The religious aspect is actually refreshing and interesting.

Munchen, Germany

I was pleasantly surprised to discover the many lessons available on music.

The exposition of each lesson is excellent.

The teacher discovers the hand of God in every human endeavor.

{ "Music" lessons may be located in the Index }

The teaching about Jesus and trusting in Him is basically new to me.

I am processing it as I continue the studies

Leviticus #21 was posted Saturday, July 22, 2017
God's Plan for solving Poverty

*God's Three Sabbaths:
A Sabbath of Days → A Sabbath of Years → A Sabbath²*

Outstanding presentation of the anti-poverty program designed by God.

Many here across the pond have been saved by these lessons
and now we benefit from the wise counsel.

I hope our friends in the colonies listen to this message with careful attention
so that the U.S. does not become another Western Welfare State.

London, England

Yet another lesson from the Bible about governmental issues.

Great combination.

The Bible is full of answers
but it takes gifted teaching to extricate them
and to explain them.

I love the Gospel presentations and the Gospel documents.

San Jose, California

The Bible origin series represents a tangible breakthrough in New Testament scholarship.

Carlo Martini was concerned that their work would not be understood
outside high academic circles.

I know that he knew this teacher

and that he is very happy that this series has been undertaken.

He, I am certain, is even more happy about the inclusion of
the Gospel in every lesson, without fail.

Milano, Italy

Yet another must listen from this marvelous site.

I have sent the link to the anti-poverty messages to all of my representatives.

Hollywood, California

This is great teaching.

Some preachers focus on politics, some on (clichéd) Bible studies.

The teaching on this site is Bible based, and from the Bible, principles are drawn.

The study of God's anti-poverty program is a classic example of this teacher.

Clear Bible exposition with great application

and, of course, the Good news of salvation through Jesus.

Anaheim, California

These lectures are the most exciting messages I ever heard.

I, for the first time, heard about the Bible as God's word to us.

Then, for the first time, I learned of Jesus

and how amazing to learn that

I trust in him and He took my sins.

Every person should listen to the messages on

government, borders, immigration and poverty.

Many countries have come to ruin by not following these.

{Leviticus #11 – Biblical Principles for Nations, Borders,
Sanctuary Cities & controlled entry of Immigrates}

Hanoi, North Vietnam

Superb, sophisticated presentation of the Bible origin and manuscript issues.

The ability to read the ancient Greek manuscripts is impressive

and is possessed by very few.

My acquaintances in the academic community respect this presentation,

and, consequently,

many now respect the Bible and the message of Jesus Christ.

El Agamy, (Alexandria), Egypt

The Bible origin series is absolutely phenomenal.

The studies were recommended to me by many, but I shunned them
because of the overtly religious perspective.

The scholarship and presentation are extremely impressive
and I am warming to the spiritual content.

Vienna, Austria

The anti-poverty message is very profound.

I appreciate this teaching from the Bible which I am beginning to enjoy.

Kenya, Africa

I first learned of the Bible thru these lessons.

I greatly enjoyed the ship journey stories.

I continue to learn more of Jesus.

I am very interested in Him.

Serei Saophoan, Cambodia

Letters continue on the next page

The studies on quantum mechanics presented in these studies were referred to me
at a most opportune time.

The speaker obviously has a firm grasp on
the complexities and subtleties involved in quantum mechanics.

Apparently he is deliberately remaining anonymous.

What is unique about this speaker is that
he has a valid explanation for each of these apparent anomalies.

The recent findings are creating not only consternation, but also great distress.

The explanations presented are very powerful and very reassuring.

I have a new respect for the Bible.

Pasadena, California

{See the “Science” section in the Index for lessons on Quantum Mechanics}

August 2017

So excited to learn of Bible.

I had heard of Bible many times.

Now I have opportunity to learn of everything about God.

Chisinau, Moldova

Very wise words about poverty programs.

Failure of societies to follow these principles has led to the ruin of nations.

I had no idea the Bible had such powerful concepts.

I am decided to listen to additional studies.

Karaganda, Kazakhstan

These studies made my life different.

The History of the World, the Pre-history of the World!

All demonstrated clearly that there is a God

and that He has purposes for the world and for me.

I never had known any of these things before.

Now I am learning about Jesus with great joy of heart.

Shenzhen, China

The interesting stories of the ship journey across the sea attracted me

and led me to continue to listen.

These are the first religious studies which have any appeal to me.

Visakhapatnam, India

Excellent and greatly appreciated presentation of Jesus.

For the first time I have a comprehension.

Bursa, Turkey

The messages on government and borders finally has stirred up some interest in the Bible.

In fact I have not seen such interest in decades.

People are relieved to know that there are answers,
and those answers are in the Bible.

We started with 4 people and now we have 18.

At least 7 people have been saved!

Kildare, Ireland

These studies have sustained me and nourished me during some extremely stressful times.

Thank you.

USM

The sacrifices you and your fellow men and women in our armed forces have made provide us with the freedom we have to post these Bible studies.

With gratitude to the Lord Jesus for all of you and your families,

Connie Tatum

*"The Lord your God is in your midst,
A victorious warrior.
He will exult over you with joy,
He will be quiet in His love,
He will rejoice over you with shouts of joy.*

Zephaniah 3:17

Every Bible talking is being spectacularer than other.

Beijing, China

It took the entire History of the World series of messages.

Then the entire Life of Jesus.

My stubbornness was finally worn down.

Now I trust in Jesus as my savior.

Miami, Florida

An awesome story!

Your perseverance in studying the word is most admirable. Obviously Holy Spirit kept telling you what you were hearing was true. It was an irresistible draw to keep you engaged.

Going forward, your studying has equipped you to powerfully proclaim the Good News of Jesus Christ in these latter days.

Praise God He called you into His Kingdom for His glory!

Thank you for your post.

*With kindest regards,
Connie Tatum*

I love all of these studies.

I have listened to each and every one.

I am always excited when a new lesson is posted.

I trusted in Jesus 2 years ago.

Kampong Chhnang, Cambodia

I appreciate the teachings of Jesus.

I had never really understood.

Moscow, Russia

Excellent studies based on the "New Testament".

The information about Jesus, this remarkable person, is most welcome!

Tel Aviv, Israel

Thru these studies I discovered the truth about the origin of the universe,

the history of the earth and of the world,

the presence of God in history and in lives,

and finally I discovered Jesus who led me to Himself

and taught me that my sins have been erased in Him.

Tokyo, Japan

These are the best lessons I have ever heard about the Christian Bible.

Actually these are the first that I have ever listened to from start to finish.

If people want us to learn about Jesus and Christianity they should follow this example.

Make your lessons interesting. Have something to say.

I am greatly intrigued by Jesus and,

with many friends, will continue to listen.

Bethlehem, Israel

Superb and sublime teachings of Jesus

of whom I have learned so much.

Al Aflaj, Saudi Arabia

The quantum mechanics presentations could not be more timely.

Remarkably, all of the distressing anomalies in the quantum realm are described and,
for the first time of which I am aware,
reasonable explanations are provided.

Based on this I am taking seriously the spiritual messages contained herein.

Nuremberg, Germany

The quantum mechanics lectures are phenomenal.

The principles described accurately explain
the bizarre phenomena one continues to observe.

Amazing for a Bible teacher.

Meyrin, Switzerland

{Studies about quantum mechanics are found under “Science” in the Index}

The Bible origin series of studies represent the only contribution
to Greek MS studies in decades.

I am impressed to such a degree that I have begun
to explore the Bible studies on this site.

Cairo, Egypt

I attended church frequently for several years and never heard teaching such as this.

I found it very interesting from the beginning. Very well presentations.

From the first occasion I understood that my sins are erased when

I trust in Jesus as my savior!

Not I alone but many !

Iceland

These Bible lessons are captivating.

I have learned so much about Jesus.

I am trying to assimilate the idea of trusting in Him

as opposed to believing in him as a god.

I continue to listen with great pleasure.

New Delhi, India

Thank you for the majestic presentation of the journey across the Mediterranean Sea.

Thank you also for the news about Jesus.

I am not ashamed to admit struggling over Him.

Jerusalem, Israel

I was at the end.

I was beyond discouraged,

I was hopeless.

I had been so mistreated.

In despair I asked out loud, "Why are people so evil?"

I searched for answers and couldn't find any.

It was as if nobody wanted to acknowledge that people are evil.

SO I started looking online for help which I desperately needed.

I don't even remember what my search words were but I started looking.

Incredibly all of a sudden an audio started playing on my computer.

I looked at the screen and saw the title **"WHY ARE PEOPLE EVIL AND INSANE!"**
{Life of Jesus # 9}

As I listened I heard answers to all my questions!!

So I found answers I was looking for.

And I found answers I wasn't looking for.

I found the answer to my darkness.

I found the truth about Jesus who became my substitute and died in my place.

!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!

Huntington Beach, California

The Bible talkings brought me blissful news.

Hong Kong

Thank you for the majestic presentation of the journey across the Mediterranean Sea.

Thank you also for the news about Jesus.

I am not ashamed to admit struggling over Him.

Jerusalem, Israel

Thank you for the tremendous Bible lessons!

I have always avoided the Bible because I thought it was dull and tedious.

Actually it was the Bible teaching that was dull, tedious and boring.

I can't imagine why they think anyone would want to listen to them.

We should be good, we should love one another. **ALMOST SICKENING.**

These studies are full of energy and life.

I believe that is because there is no preaching,

just systematically teaching what the Bible says.

Let the Bible reflect its light - once we understand!

It is because of this page that last month I trusted in Jesus as my savior!

Amsterdam, The Netherlands

I have performed it!!

I trust perfectly in Jesus !

Huiyang, China

I so enjoyed the account of the ship voyage.

I didn't want it to end. So I listened again!

I began to be intrigued about Jesus of Nazareth.

The knowledge provided here does not match with what I have been taught.

But I am really beginning to wonder if He is more than what we think.

Bethlehem, Israel

I am strangely and yet wonderfully drawn to all of these lessons.

I love to hear them because I sense that there is truth.

Hanoi, Vietnam

Marvelment talking about Bible!

Because of these talkings I, at the present time,

am trusting in Jesus as my saving!

Tangxiazhen, China

Jesus is the best news ever!

Thanksgivings for the talking of Him.

Longgang, China

How exciting to rediscover my favorite French professor ! ! ! !

It was incredible that I, a native French speaker,
actually improved my facility in French under his teaching.

And now, as a Christian of several years,

I have learned more about the grace oriented life in a few lessons
than the false information I have been taught.

I am proud to share these messages

and I can confidently assert that many have come to the point
of trusting Jesus as savior!

Soyez benis, professeur!

Paris, France

Praise be to the God of heaven.

He who rules over the forces, over the rulers, over the authorities, over the dominions.

The Ezekiel messages, despite the fierce efforts of my spirits,
came through to me and I learned the truth about the wheels.

The wheels are not the chariots of God, they are the evil vehicles of the evil beings.

As I listened I heard of Jesus.

I trust in Him. I connected with Him.

And immediately the spirits have gone and they trouble me no more.

All praise to God. Bless His name forever.

Nairobi, Kenya

Johnny Tatum's comment to Djunuke:

Thank you Djunuke for your spiritual insight.

God indeed rides on the cherubs, who propel themselves with wheels.

*He mounted the cherubim and flew;
He soared on the wings of the wind.* Psalm 18:10

Then I looked, and behold, four wheels beside the cherubim.
Ezekiel 10:9

*Their whole body, their backs, their hands,
their wings and the wheels were full of eyes all around,
the wheels belonging to all four of them.* Ezekiel 10:12

These cherubs are God's angels. The wheels on which they ride are actual wheels, but they also represent the turning of wheels in heaven, that is, the workings of the Universe, the mechanism of God's interactions with human beings.

However, as you correctly discerned, Lucifer's angels ("demons") try to mimic the activity of God's angels by transporting themselves on wheels. They are trying to create the impression that they represent God, that they are our intermediaries between God and men.

For that reason, they do not want the truth about the wheels to be exposed, because they are exposed as frauds.

We praise the Lord that you have trusted in Jesus as Savior and that now you are free from demonic possession or even direct contact.

Compelling pictures of Jesus of Nazareth.

Ashdod, Israel

These Bible lessons are absolutely Majestic.

I have never owned a Bible nor have I ever read one.

Nor have I ever heard anything that would make me want to read it.

I began listening to the History of the World Series which is an absolute masterpiece.

I then listened to the entire Life of Jesus series

but before I finished I had trusted in Jesus as my saviour.

He is my substitute.

Thank you for bringing me the message that

saved my life and

secured my eternity.

Helsinki, Finland

Astonishing claims of Jesus of Nazareth who we respect as a prophet.

Admittedly these presentations are very intriguing –

sufficiently that I will continue to follow.

I appreciate the gentle tone.

Al Kharj, Saudi Arabia

The History of the World talkings were greatly exciting!

Now to know that, thanksgiving to Jesus, all my sins are paid ! ! ! ! !

Shatianzhen, China

How exciting and thrilling to hear truth.

To hear that there is truth!

The History of the World lessons thrilled me to know that there is indeed a God
and that He is active in history.

And most important for me,

He wants to know me -

and He has given me a way to know Him -

through Jesus who died in my place!

Moscow, Russia

J'ai subit de nombreux rituels de cérémonie

pour être libérés des esprits malins, sans succès.

J'ai écouté une leçon d'Ezekiel.

Les esprits étaient brièvement enflammés,

qu'ils se sont partis et ne sont jamais revenus.

Je remercie Jésus pour toujours d'être libre !!!!

I have undergone many ceremonial rituals

to be freed from evil spirits, without success.

I listened to one lesson from Ezekiel.

The spirits were briefly enraged,

but then they left and never returned.

I thank Jesus forever to be free !!!!

Tripoli, Libya

I love the lessons about the ship's journey across the sea.

I am enjoying my first exposure to the Christian Bible.

I am also learning a lot about Jesus.

I think He is more remarkable than what I had previously believed.

Jerusalem, Israel

All of my life all I wanted to know was truth-- what truth is.

As I listened to these talkings my heart went excitement!

I knew that this is the truth.

It was the feel that something of newness was in my self.

I had the ability to know truth.

The Truth who is God.

God being humankind that is certain to being Jesus.

San Po Kong, China

Thanking for the majestically talkings about God.

I so much wanted to know Him.

Every new talking thrill.

Zhenlongzhen, China

It is stunning what has happened to my life

since I listened to the Life of Jesus (series).

I have forsaken my lifelong religion,

and unfortunately many of my family

because I trusted in Jesus as my savior.

Petaling Jaya, Malaysia
