

# Letters to Worldnet Grace Ministries

**March & April 2016**

Oh such joy to be delivered from the tyrannical spirit which began as my friend,

but was exposed and expelled by Holy Spirit speaking through you!

Blessing forever

Nigeria

God's blessing to you brother.

We are a small group of trusters in Jesus,

the majority of whom were born anew under your teaching.

We have no teacher yet we continue to learn from you as you

bring the words to us with such clarity and power.

We so appreciate the open access.

We cannot afford the payments required by many.

Yes. Bless you

Cameroon

Series: Ezekiel - strangely person (sic)

History of the World

Life of Jesus

Shanghai, China

Such pleasure to be invited to the evening studies.

As I continued to listen I received the information of Jesus.

Him being my saviour!

Wondrous news

*The following three letters refer to the “The Bible – origin & transmission” series*

*AND the following presentations in the “Acts” series:*

**24. HOW THE ROMAN EMPIRE ELIMINATED RIOTING**

**27 – 29. The Power of **RADICAL RELIGION**, Civil Government, & the Gospel**

---

The Bible origin series and the messages of civil security are,

I believe the most important spiritual breakthroughs in Germany since Luther.

Berlin, Germany

The double dose of the Bible origin series and the messages of terrorism is powerful.

Munich, Germany

The messages on terrorism, rioting and borders

have created spiritual awakening and political stirrings –

both desperately needed here

Frankfurt, Germany

Thank you for the dynamic and colorful presentation of Ezekiel.

{Ezekiel: The Pantomime Prophet}

The messages are so engaging that my unbelieving friends and family are listening with keen interest and anticipation.

The Gospel message contained in each study is greatly appreciated.

Liverpool, England

Thank you for the special Purim message!

**Esther & The Persian Empire: *God's Most Hidden & Most Active Hand***

{History of the World #29}

My Jewish friends were touched by the kind gesture of a Christian.

A small group listened with me.

After years of testifying to them I finally saw rapt attention and interest.

They have agreed to come again next week and listen to another lesson!

London, England

Amazed.

For the first time I understand the significance of Easter --

notably the crucifixion of Jesus and the resurrection.

Specifics -- that he died and rose from death in my place.

{Life of Jesus # 58 – 60}

For the first time I have the understanding.

Berlin, Germany

## **April 2016**

Best Easter of all upon listening to the messages. {Life of Jesus # 58 – 60}

Prior I had no understanding of the reason.

Iceland

The messages on terrorism and rioting from the Bible is overwhelming

in its intrinsic power and in the influence

within the political realm throughout the country.

Perfectly calm yet devastating presentation.

Berlin, Germany

Acts series – God uses only Defective People

### **24. HOW THE ROMAN EMPIRE ELIMINATED RIOTING**

**27 – 29. The Power of RADICAL RELIGION, Civil Government, & the Gospel**

The series “The Bible: Origin & Transmission” is an absolute masterpiece  
of erudition and scholarship.

This is a wonderful gift to Germany.

Intellectuals enjoy it and are now open to the Bible.

I encourage everyone to listen and share.

Munich, Germany

Steve Brown, Joseph Prince and Johnny Tatum are the only faithful teachers  
of the radical grace doctrine taught us by Paul / Holy Spirit.

Their teaching is centered not on me but on Jesus and the Cross.

London, England

Excellent!

Best!

Every new Acts lesson!

Iceland

The only time to know of Jesus.

He is thrilling

Beijing, China

I listened to the entire Bible origin series three times in wonderment.

{The Bible – Origin & Transmission}

This was the first exposure I had to the Bible

save for a few holidays when I would attend services

I would imagine that I am one of many

who trusted in Jesus as my savior

as a result of these magnificent presentations

Berlin, Germany

The Bible origin series is the most important scholarly breakthrough I've seen in years.

{The Bible – Origin & Transmission}

And very skillfully weaving in the simple yet powerful Gospel

Munich, Germany

The Bible origin series has opened up incredible windows into the circle of intellectuals.

{The Bible – Origin & Transmission}

I personally am devouring every lesson.

The opening reviews of previous studies is an excellent transition into the new studies.

Dusseldorf, Germany

The studies of the Bible mss are a welcome sight.

{The Bible – Origin & Transmission}

Many of us thought that the art and science of navigating through the Greek apparatus  
had died off with Metzger and Aland.

Thank you for this revival of scholarship –

as well as the revival of the good news of Jesus!

Berlin, Germany

I struggled to listen to the life of Jesus but felt I must continue.

{Life of Jesus – Learning to Listen}

As time progressed I began to feel comfortable with the messages.

Upon completion I accepted that this man was not merely the great prophet  
as I had previously believed, but that He is God.

Interesting that I attended college in America,

went to church possibly 10 times

and never heard any of this.

Riyadh, Saudi Arabia

*Letters from Listeners continues on the next page ...*

The majestic Bible origin series drew me in and kept me in awe.

{The Bible – Origin & Transmission}

As a linguist, I was fascinated.

I had not previously given much attention to the Bible.

These were so invigorating that I started to listen to the series on Ezekiel.

{Ezekiel – The Pantomime Prophet}

The name meant nothing to me. But again, I was captivated.

Next I listened to the message on Nicodemus because I at least had heard the name.

I had also heard the phrase “born again” but had no inkling

of what it meant nor any desire to pursue it.

By the time I heard the closing song (very good) I myself had been born again.

What happiness!

London, England

The origin and transmission of the Bible is an astonishing presentation.

The speaker has taken a topic which has been relegated to the musty air of academia

and transferred it into a compelling story –

with flawless scholarship and understanding

At least two of my colleagues have abandoned their atheism and have trusted in Jesus.

Many others are on the same path.

This is a momentous event.

Munich, Germany

As a professor of philology I am extremely impressed by the Bible manuscript lessons.

{The Bible – Origin & Transmission}

How very fortuitous that my first substantial entree to the Bible is such a masterwork.

I was alerted to this magnificent site by colleagues and I in turn will pass it along.

Thank you. I understand the labor involved.

Tokyo, Japan

I excel at life of Jesus.

{Life of Jesus – Learning to Listen}

Beijing, China

The Acts and Ezekiel are alternating so we follow suit!

{Acts – God uses only Defective People}

{Ezekiel – The Pantomime Prophet}

Our gathering began with 4 ladies and now includes 9 ladies and 12 gentlemen.

Thank you much.
