“Scattered abroad”: Cro-Magnons & Neanderthals

“What is Man?” Are there “transitional fossils”?

The explanation of the Stone Ages, Bronze Ages (etc.)  
as well as the Cro-Magnons, Neanderthals (etc.)  
on the YouTube channel is  
the first explication that makes any sense whatsoever.

I have listened multiple times and am convinced  
that this presentation  
represents the reality of what happened.

I am encouraging all of my colleagues to listen to this study.

Anyone who listens with any semblance of an open mind  
will realize that

**THE TRADITIONAL EVOLUTIONARY MODEL  
DOES NOT COINCIDE WITH THE FACTS.**

This lecture forced me

**TO FORSAKE DECADES OF MY SCIENCE.**

Geneve, Switzerland

(posted April 30, 2018)

A startlingly convincing argument for the origin of these "species" of humanity.

The professor has virtually persuaded me to believe that  
the primitive peoples are descendants of homo sapiens,

**NOT ANCESTORS.**

Frankfurt, Germany

(posted April 30, 2018)

**I DEFY ANYONE TO LISTEN TO TWO LECTURES  
AND REMAIN AN EVOLUTIONIST**

*(I cannot).*

Both are on the RadicalGrace Bible Studies YouTube channel:

**"THE REAL ORIGIN OF CRO-MAGNONS & NEANDERTHALS"**

and

**"WHAT IS MAN?" ARE THERE 'TRANSITIONAL FOSSILS'?"**

Vienna, Austria

The RadicalGrace Bible Studies YouTube channel is a gold mine.

Two recent broadcasts on the Cro-Magnons & Neanderthals

and the transitional fossils are stunning.

These studies **OBLITERATE EVOLUTION** in a manner I've never seen,

**BY USING THE EVIDENCE OF THE EVOLUTIONISTS!**

London, England

The two new YouTube studies are

**AN ABSOLUTE DEATH BLOW TO EVOLUTION.**

Berlin, Germany

I have listened to many Christian apologists trying to attack evolution.

**BLA BLA BLA.**

**NOBODY RESPECTS WHAT THEY SAY —**

**BECAUSE THEY DON'T KNOW WHAT THEY'RE TALKING ABOUT.**

On the other hand, this professor (who is basically anonymous)

knows what he is talking about. In these two lectures,

"What is Man?" Are there "transitional fossils"?"

and "The Real Origin of Cro-Magnons & Neanderthals"

both of which are available on

the "RadicalGrace Bible studies" YouTube channel,

**HE ABSOLUTELY DESTROYS**

**THE ENTIRE STRUCTURE OF EVOLUTION.**

I listened in response to a dare by a colleague.

**MY ENTIRE EVOLUTIONARY MODEL**

**HAS BEEN SHAKEN TO THE CORE.**

Now I dare anyone who continues to believe in evolution *to listen*.

Geneva, Switzerland

This talker talking good talkings all time.

Sometime I sleep but I hear this talker talking.

That good because this talker all the time talking about Jesus.

Huizhou, China

**I HAVE HEARD MANY PATHETIC ATTEMPTS BY RELIGIOUS APOLOGISTS  
TRYING TO REFUTE EVOLUTION.**

This professor has impressed me.

He begins with a novel approach.

He identifies where the primitive fossils were found.

Next he points out where the Stone Age artifacts are located.

Then he makes an obvious conclusion:

**IF THE EVOLUTION FROM PRIMATE TO HOMO SAPIENS WERE TRUE,  
ALL OF THE FOSSILS AND ALL OF THE STONE AGE RELICS  
ARE IN THE WRONG PLACE.**

I am not ready to accept this yet

but I honestly don't know how to process it,

let alone refute it.

**I AM PASSING ON THE DARE —**

**TO ANYONE OF MY COLLEAGUES TO LISTEN TO THIS.**

**DO YOU HAVE THE GUTS?**

Zurich, Switzerland

Incredible 2 studies

**I AM FRANKLY TRYING TO COUNTER HIS ARGUMENTS.**

I invite anyone to do the same.

Berlin, Germany

The 2 YouTube presentations of the fossil record absolutely destroy

**THE THEORY OF HUMAN EVOLUTION.**

I was stunned by the devastating presentation.

The professor very simply shows where the fossils were found,

then where the Stone Age implements were located.

From those simple points he has proven that humanity began at a high level,

then descended into the lower forms.

All of this may sound preposterous but

**I DEFY ANYONE TO LISTEN AND THINK OTHERWISE.**

Frankfurt, Germany

O dear ones, your lessons go right to my heart.

I love Jesus.

Fes, Morocco

I am ecstatic. I learned of Jesus.

Then I believe what He said.

Now I trust Him.

Casablanca, Morocco

Thanking for the Chinese talking so I understand the talkings about the bones.

I never believing about the monkey krapp.

***High culture from the Beginning*** - Genesis 4-5

The new History of the World video is a perfect complement to

the 2 studies posted on the origin of homo sapiens.

These lectures give a totally coherent explanation of the Stone Age, Bronze Age,

and the "primitive men".

I believe **IT IS IMPOSSIBLE TO CONTINUE TO BELIEVE IN EVOLUTION**

after listening to these masterpieces.

I was so impressed that I have begun to explore the religious studies

which so far are most intriguing.

London, England

The 3 recent studies on the RadicalGrace Bible Studies YouTube channel  
are unbelievable.

This professor states that the Cro-Magnon and Neanderthals descended  
from homo sapiens  
and furthermore that they originated in a single historical event  
that occurred about 10,000 BCE.

**DON'T LAUGH.**

**LISTEN, THEN YOU WON'T LAUGH.**

**I CERTAINLY STOPPED LAUGHING.**

I think he is correct.

This makes the Bible more attractive to me.

The Hague, The Netherlands

M le professeur!

Such a pleasure to enjoy your teaching yet again -- it is odd to hear you speak English!!!

The YouTube broadcasts on evolution  
have shaken my colleagues in the science departments.

**THEY ARE BEWILDERED.**

I am loving this.

They are openly saying **THEY CANNOT DENY YOUR EVIDENCE!**

And - finally - a few have agreed to listen to more broadcasts during lunch time !

Praise God.

Paris, France

These studies have profoundly impacted my life.

In a few weeks I have progressed from atheism to agnosticism to theism

and now I am a believer in Jesus of Nazareth who died for my sins.

Jerusalem, Israel

Man this YouTube channel is kick\_\_\_ stuff!

I listened to every one of them.

Every one.

Took me a long time to get it.

Jesus loves me.

No matter what I did. He loves me.

Nothing ever hit me like that.

He turned into me.

Man that's bad for Him but wow for me.

I believe Him. I trust in Him.

Los Angeles, California

These are the only Bible presentations I have taken seriously.

I have begun the life of Jesus.

So far it is most interesting.

London, England

The studies on evolution and early history are a gift from God.

My father, an eminent anthropologist, listened in amazement.

He said "these studies have crashed my world."

But he continued to listen.

After a week of listening many times he trusted in Jesus as his savior.

Now his colleagues are also disturbed!

The Flood (c. 10,000 B.C.)

**SATANIC CORRUPTION OF MITOCHONDRIAL DNA**

The study of the Noahic flood is the latest in a series which explains,  
in a manner I've never seen before, the origins of basically everything.  
The universe, the earth, humanity, the fossil record, the geologic timetable....  
Every human being needs to listen to these lessons.

They will change your opinion on everything - they certainly changed mine.

The study on quantum mechanics entitled

"The Cross - a moment can encompass all of eternity" {Life of Jesus #59}

led me to reconsider my eternal destiny.

I am convinced that humanity's only hope is in the man named "Jesus".

I continue to listen and ponder.

London, England

The account of the flood is astonishing.

God did not send the flood to destroy humanity but to preserve it!

I have a new interest in the Bible.

Riyadh, Saudi Arabia

The explanation of the flood is spectacular.

This being my first introduction to the Bible

I am anxious to be a faithful listener.

Istanbul, Turkey

Thankfulness to you, Mr. Talker, the talkings of the flood  
and biological astonishment me!

I learned that the flood was for making Jesus so I personally trust in Him.

Xinyi, China

***Editor's note:*** The purpose of the flood was to preserve the unfallen DNA of Adam and Eve so that Jesus would not inherit a sin nature, thereby making Him suitable to be our substitute.

“Great Old Testament Stories” #11

**Elisha & the Ax Head**

**“X” marks the Spot**

I love the new study about Elisha and the axe head.

This teacher -- behind the self-effacing manner and the casual humor,  
there is the unmistakable power of Holy Spirit.

As I listened to the story of the axe head I found myself in the story.

I indeed found myself but since this teacher always turns us  
from ourselves and onto Jesus - I found Him!

I found Him in my life as I had never experienced Him before.

And this Spirit-driven message was so powerful

that 2 of my longtime friends from college were spellbound --  
and now we have 2 more people in the Kingdom!

Chicago, Illinois

The story of the axe head took me and held me.

I listened many, many times

and afterwards I trusted in Jesus for my savior !!!!!!!

Oslo, Norway

The wonderful story of the axe is my first knowledge of Bible.

So I continue to discover more from you.

I think this is truth.

Ho Chi Minh City, Vietnam

The talking of the ax head marveloused me!

I hear this talking many times.

I love the talking so much,

then it made sense for me that Jesus rescued my life

because I trust in Him.

San Po Kong, China

Thank you.

I am very joyous to listen to the stories of the Bible as I seek to know more.

**Table of Nations**  
***Snapshot of Primordial Ethnic Groups (c 7500 BC)***

These studies provide an account of the origins of the Universe, the earth, humanity,  
the different languages of humanity, the different families of humanity,  
the fossil record, the geological timetable,  
the origin of evil,  
the physics undergirding the universe -- including thermodynamics and gravity.

If that weren't enough this professor provides

the only rational explanations I have ever encountered

for the disturbing findings in quantum mechanics.

I started listening as a dare,

and with great reluctance because of the religious perspective,

but now I am honored to recommend these studies to my colleagues.

And I am not ashamed to say that I am enjoying the more religious studies.

In particular I am learning about Jesus in a manner that is compelling.

Manchester, England

I am so thankful.

God lead me to YouTube

then to website

then to Jesus.

Praise, praise.

# June 2018

The stories from the Old Testament are gripping --

the stories themselves are excellent and the presentation is majestic.

These are so good that my parents and two sets of grandparents

are listening with great enjoyment --

none of them have ever shown any interest at all in the Bible.

I am reasonably certain that they have all trusted in Jesus -- or they are close!

In every lesson a very clear and powerful Gospel message is presented.

I see that there are placeholders slotted for additional studies --

I assume that means that more are to come!

Seattle, Washington

Your YouTube channel rocks!

I always hated the church and Bible stuff.

But the one explaining where everybody came from is totally unbelievable.

And Jesus isn't the person I always heard about.

I really like getting to know Him.

Los Angeles, California

Thank you

- I found Jesus and believed Him.

Beijing, China

The Table of Nations study is a masterpiece of erudition --

this document, found in the Biblical book of Genesis,

describes the origins and the current location of every family of mankind.

I have a newfound appreciation for the Bible,

for which this is my introduction.

Amsterdam, The Netherlands

I love Table of Nations broadcast.

I learn Jesus knows me personally

and put me in perfect placement

for Him to find me

and I trust into Him.

Beijing, China

Wonderful stories -- I adore.

I am learning that Jesus is not whom I thought.

I must know more of Him.

Cairo, Egypt

Thru the talkings, this talker take me to Jesus.

Now no matter where I am, I am home.

Thank you Mister Talker.

---

The audio called "Nations, Borders, Immigration, Sanctuary Cities" is incredible.

I had no idea all of this information was in the Bible.

I hope people in America will heed this message before it's too late.

Amazingly, this lesson, which is so powerful,

contains a clear, simple Gospel presentation.

London, England

The lesson entitled "Nations, Borders, Immigration, Sanctuary Cities"

is absolutely essential.

Everyone -- believers, or anyone who is right-minded has to listen to this.

Spread the word.

This message examines **GOD'S PLAN FOR PROTECTION OF A CIVILIZATION**

and **THE DANGERS OF UNRESTRICTED IMMIGRATION.**

**FOR SOME OF US, IT IS TOO LATE.**

**EVIL FORCES HAVE THE MAJORITY.**

**IF YOU WANT TO SAVE YOUR COUNTRY YOU'D DO WELL TO LISTEN.**

The study "Nations, Borders, Immigration, Sanctuary Cities" was interesting,

I decided that Jesus is God

## Wild and crazy Captain Jehu **DRAINS THE SWAMP**

If you have never listened to a Bible study and have never intended to,  
please listen to the lesson “Wild & Crazy Captain Jehu Drains the Swamp”.

I promise you, you have never heard anything like this.

I laughed throughout the lesson.

But there is a powerful message contained within this study.

If you want to understand what is happening in America now –  
this study makes everything clear.

Also if you are hoping to go to heaven, you had better listen –  
this message makes that issue clear as well.

Anaheim, California

“Wild & Crazy Captain Jehu Drains the Swamp”.

I don't think I have ever laughed this much during a Bible study.

The impersonation of a famous person was absolutely hilarious.

However this message presents the best explanation of what is happening  
in America and around the world.

Above all this study shows how to escape the swamp of this wretched world  
by trusting in Jesus as savior.

Roanoke, Virginia

As a student of American history and as a Beach Boy fan,

I was blown away by the study on the wild and crazy Jehu with his 409.

I was teary eyed with laughter.

The impersonation was right on.

**I BROWBEAT SOME COLLEAGUES TO LISTEN.**

**THEY HAD NO PREVIOUS ACQUAINTANCE WITH,**

**NOR ANY INCLINATION TO KNOW ANYTHING ABOUT THE BIBLE.**

They loved it and downloaded copies.

Thank you so much for the Gospel message

which is simple and accurate -- and therefore powerful.

London, England

The presentation of King Jehu is a masterpiece of storytelling.

The true story comes alive with interesting,  
and sometimes hilarious commentaries.

The impersonation of a famous American politician made a profound point.

This study is essential  
if anyone wants to understand what is happening in America.

The Gospel presentation is startlingly simple and powerful.

New York, New York

Wondrous story of the crazy man with 409 !

This is my first knowledge of Jesus really.

Bangkok, Thailand

I understood enough of this message for the great humorous story

and the emphasis on Jesus  
who is more fascinating than Jehu.

Dubai

This Jehu my first Bible knowledge.

Very much enjoyable as I listening more and more.

Hanoi, Viet Nam

I have informed all of the Christian media I know of.

I have told all of my contacts that,

if they listen to only one Bible lesson in their entire lives,

the message on Jehu is the one.

This study made me laugh,

**MADE ME ANGRY,**

then made me content and at peace

because I get it.

I get what God is doing in America.

I love this simple invitation to trust in Jesus as savior -- **WITH NO CLUTTER.**

I had almost forgotten that the Gospel is so simple.

Miami, Florida

409

Love the picture, the music, the story.

I think I love this Bible!

Kiev, Russia

I loving the talking of this funny boy Jehu.

This talker always funny.

My favorite is the talking of Jesus.

Beijing, China

The YouTube video “Wild & Crazy Captain Jehu Drains the Swamp” is a blockbuster.

It is so revealing of what is happening in America NOW.

It is so interesting that many of my unbelieving family members have made copies

and now after several days they are expressing interest

in downloading more of the studies.

Whatever they listen to, the Gospel message is there -

clearly and simply stated - for which I am so grateful.

**I RARELY HEAR THE CLEAR GOSPEL ANYMORE.**

Tucson, Arizona

The story of the man Jehu was extremely enjoyable.

As I listened multiple times, the historical information is what I grasped.

But most of all, the spiritual content from the Bible is very appealing.

Riyadh, Saudi Arabia

I listen with extreme interest and actually with great joy

as for the first time in my life I believe I hear truth.

I hear truth of world events

and also the problem with humans

and the truth of Jesus.

First time.

Casablanca, Morocco

I was doing what I always do - surfing YouTube -

and I found these Bible studies which have rocked my world.

I have always been indifferent about anything religious

but these studies were so interesting I was fascinated by them.

The pictures are great, the music is great.

I couldn't believe it - on a Bible study site I found Chuck Berry, ZZ Top,

the Beatles, the Doobie Brothers, the Beach Boys - awesome!

I love the jokes and the humor -- it helped to keep me listening.

Then I started to get it.

I got it that Jesus took all of my bad stuff and put it on himself.

**I HAD NEVER UNDERSTOOD THE BIG DEAL ABOUT THE CROSS.**

It was a big deal.

My sins were erased.

They are like GONE. Like they didn't happen.

All because I trust in Him as my savior.

Now I can't get enough.

Thank you for giving us so much.

Los Angeles, California

The blessed stories from Bible. I listen so many times.

So happy to meet Jesus.

I needed Him, but did not know.

Pyongyang, China

I heard from 3 different people,

including a caller on a radio program in Los Angeles

about the message on Jehu.

It is outstanding!

I am so reassured to know that what is happening in America

is being directed by God -- for our good!

The stream of jokes is perfect for this uplifting message.

I can't wait to start downloading additional studies.

Reno, Nevada

I listened to the "She's Real Fine My 409" many times

and laughed almost as much as when I watch "Airplane".

As I listened I became amazed at how the message spoke directly

to the situation in the United States.

As I listened more, I realized that,

**ALTHOUGH I HAVE ALWAYS BEEN A CHURCH MEMBER,**

**I WAS ON MY WAY TO HELL**

**BECAUSE I HAD NEVER** trusted in Jesus as my savior.

Actually I realized that **I HAD NEVER HEARD THE GOSPEL!**

Now I have peace about the current politics

and I have peace about my new eternal relationship with Jesus!

Newark, New Jersey

Americans should listen to the lesson on Jehu.

Maybe it's not too late for your country, as opposed to.....

This lesson is amazing.

Plus the Beach Boys. !!!!!

Montreal, Québec, Canada

The talking of man Jesus blesses my insides.

Shanghai, China

Dude, the Jehu audio rocks big time.

Totally cool stuff.

I laughed off the hook.

And the music -- love the Beach Boys tune.

But I get it man. I get it.

It makes sense.

Dead on correct.

I'm actually starting to get into Jesus.

Los Angeles, California

The presentation of King Jehu is a brilliant analysis of the current state of America.

Brilliant indeed and yet masterfully veiled –

unless one pays attention.

This may be the only YouTube video that made me change my thinking.

I am even beginning to explore more of these studies.

Boston, Massachusetts

I thinking this talker talk like Jesus.

Shing Mia is thrilled to trust in Jesus.
