## July & August 2018

Many, many have trusted in Jesus as savior (and therefore, born again).

Such is the power of the word of God

and teaching fueled by Holy Spirit!

Iceland

These messages are so wonderful

that we have a group meeting each week

with most of the time 25 people.

We listen with enthusiasm to these words.

Saudi Arabia

I am thrilled to discover these teachings

which have changed my entire life to joy.

Casablanca, Morocco

Thank you,

I understand.

I believe.

Yes, I trust.

Casablanca, Morocco

Study posted June 12, 2018: **WILD AND CRAZY CAPTAIN JEHU DRAINS THE SWAMP**

The message on Jehu caught my attention,

First with the hilarious impersonation

and the Beach Boys !!!

Then I listened again and began to understand

the dynamics of politics in the world today.

The third time I was very deeply moved

and trusted in Jesus as my savior --

after being a faithful church member for 20 years.

Vancouver, British Columbia, Canada

We are very grateful to America for being faithful to us.

We are grateful to this teacher who teaches us the Scriptures,

the Christian Bible

and Jesus of Nazareth, who is captivating me.

The lesson on Jehu is most appreciated.

Very serious issues presented with humor.

Jerusalem, Israel

These Bible studies are incredible.

I have never heard teaching like this.

What is unique is that the professor does not get on a soap box.

He just clearly teaches what the Bible says.

As he says, before you make application

you must first have the correct interpretation.

Many of my friends and family have been saved through these studies.

I wager that there is not another series

which actually leads to people being saved.

London, England

I have attempted to listen to many Bible lessons

but I never heard one all the way through because I was bored.

I began listening with the lesson on Jehu which was captivating.

I then proceeded to the story of "The 2 Bears",

and then "The lost Axe Head".

The clear and interesting teaching led me to Jesus

in whom I have trusted as my savior / substitute.

Ukraine

Thank you Mister Talker.

I trust in Jesus.

My 2 brothers and my sister trust in Jesus.

Beijing, China

## **13 WAYS AN UNBELIEVER PREPARES HIS OWN HELL**

This talking of the Hell make me afraid longtimes ago.

Now, no longer afraid because I trust in Jesus.

But I use today to make my friend afraid.

This YouTube talker is magnificent.

Beijing, China

***Letters continue on the next page . . .***

I have heard fire and brimstone sermons all of my life and they never bothered me.

This lesson on hell was presented calmly and systematically.

This picture of Hell was so real that the prospect of being there terrified me.

The remedy was also presented calmly and yet clearly.

I trusted in Jesus as my savior

and I intend to tell everyone I know to watch this.

Montpelier, Vermont

The lesson on Mr. 409 King Jehu has to be the most amazing Bible lesson of all time.

For one thing it is the only Bible study I have ever listened to

all the way through -- and I've listened to this many times!

Herein one will find a clear explanation of what is happening

in America mostly, but also in the world.

All of the bewildering, disturbing events of this world

are placed in a very clear and comforting Biblical context.

I first heard of this study on the BBC of all places.

AND - 2 of my relatives and 2 friends in the neighborhood –

all church goes - trusted in Jesus as savior!

The Hague, The Netherlands

The presentation of King Jehu is a masterpiece of presentation.

Great story to begin with,

then an excellent presentation filled with humor and profound insight.

I am happy that the colonies have been able to produce some good music –

and the inclusion of the Beach Boys in this study was quite a coup!

After I heard of this on the BBC

I shared with many of my unbelieving friends who gave unanimous approval.

Some agreed to a weekly meeting over coffee to re-listen

and to listen to other studies.

The message of the Gospel was presented forcefully.

I appreciate the emphasis on the blood of Jesus,

a topic of which I rarely hear anymore.

London, England

Excellent talking, Mister Talker,

about Hell which not for me.

I trust Jesus.

### David & Goliath

**Jesus fights ALL our Battles**

+

**He has already won ALL our Battles !**

My goodnesses, Mister Talker.

The talking of this boy David kill giant man went to my inside.

I listen and then like my friend who tell me of Mister Talker,

I trust in Jesus.

Beijing, China

The presentation of David and Goliath is yet another example

of this unique style of teaching -- which is really quite simple:

Read what the text (actually) says,

explain what it means,

make application for our lives as believers,

then present the Gospel so that there are more believers.

There cannot be any other Bible study

which has led as many to trust in Jesus as this one

-- and the teacher is (obviously intentionally) virtually anonymous.

Liverpool, England

Thank you, thank you immensely.

The story of David and Goliath is my first knowledge of the Bible and Jesus.

I am very impressed and amazed at both!

I will learn more and more with great pleasure and much joy.

Hanoi, Viet Nam

The lesson of Jehu and following the David and Goliath excited me

as I understand Jesus for the first time

and trust unto Him.

Zagreb, Croatia

While browsing YouTube I saw the picture of David and Goliath  
and it looked interesting.

Indeed it was.

The story is great and the explanation truly clarified the meaning  
and remarkably described me.

As I continued to listen many times while walking

I began to understand the truth.

The truth being that I was walking to Hell !

I trusted in Jesus as savior.

Immediately I was at peace.

I would have never thought that one video  
would change my life and my eternity.

Warsaw, Poland

The tremendous story of David against the giant disrupted violently  
all of my religion and heritage.

But I could not stop listening many times.

At length I found peace and joy recognizing that Jesus is my savior!

Jakarta, Indonesia

Seem like everyone here know Mister Talker.

Many listen with excitement and joy.

Many trust Jesus.

See you Mister Talker in heaven.

China

Finally! I am getting to hear Mister Talker!

The talking of David -- wow!

For me awesome talking!

I am understanding more and more of Jesus!

China

All blessings to you.

After two years of listening to these marvelous lessons

I abandoned all

and trusted in Jesus as substitute, as savior.

I now follow my 2 children and 4 nieces

all of whom were drawn to Jesus as results of these lessons.

Ljubljana, Slovenia

# August 2018

Years of not understanding any religious principles finally settled  
as I listen to the David and the giant story.

Incredibly I found Jesus to save me.

Bursa, Turkey

Incredible story of David and Goliath.

I appreciate the attention to Jesus.

Dubai

What an exciting time for me since my life is totally new.

I awoke from the dead and hold onto Jesus

for He took my bad actions and saved me.

Phnom Penh, Cambodia

Dear friends ~

I have listened to your broadcasts for years with great enjoyment.

The” History of the World” series is an absolute masterpiece –

especially the early ones describing the prehistorical era.

Many times I have shared these with people who are skeptical.

And many times they have checked what the teacher says –

and it is all documented.

Many have trusted in Jesus as a result of these studies.

The latest two - Jehu (Mr. 409!!) and David and Goliath – may be the best of all.

Three of my (formerly) unbelieving family members

trusted in Jesus as a direct result!

London, England

Praise Piaxang!

Piaxang listen Mister Talker many timings!

And also for trust in Jesus my man!!!

China

I thank God for leading me to this

where I found the truth of Jesus -- the only saviour.

## **Parable of the Wicked Tenants**

***Grapes of the Gospel produce Wine of Joy***

The 12 Apostles are the new Guardians of the Gospel

The story of the vineyard jolted me with severe.

I had to hear again and again to realize the fact

that this Jesus is God Himself

and He died for me – instead of me.

I never knew this before.

Hanoi, Vietnam

Thank you for the newest study of the vineyard.

As are all, this was so interesting that it received great response.

There are many, many groups now in the city and the countryside.

All listening to each podcast.

More and more saved almost continuously!

Iceland

Listen.

Understand.

Trust Jesus.

Beijing, China

I liking this talker.

This boy always with good talkings.

This talking of the bad men in vines.

I listen many, many times and I learned about Jesus.

China

David & Goliath

Excellent

I learn of Jesus.

Tokyo, Japan

Hello Johnny,

I love your teachings on the book of Hebrews.

I find myself coming back to those teachings again, and again.

I just wanted to inquire about the word "scourge" in Hebrews 12:6.

If you could elaborate a little on the Greek and the mistake that was made

on that particular word that would be great.

I heard in part 2 of "developmental training" in God's gym,

that there was a Greek-Jewish philosopher named Philo

that expounded on the actual word that should be there.

If you could point me in the direction to find that material

it would be much appreciated.

Thanks,

Anthony  
Las Vegas, Nevada

*Johnny's response to Anthony about Hebrews 12:6*

Anthony,

Thank you very much for your encouragement.

For Hebrews 12:6 the Byzantine text has the erroneous word

"mastigoi" which does indeed mean to scourge or to whip.

The Critical text gives the correct word as "mastixoi"

which means to develop through training.

As for Philo, my favorite work of his is "De Opificio Mundi",

but it is in very lofty (and frequently difficult to understand) Greek.

A good overview of Philo is a book with the unlikely name

"Jews in the Gym: Judaism, Sports, and Athletics",

by Leonard J. Greenspoon

Thanks again. May you grow in grace and in knowledge

of our Lord and Savior Jesus Christ.

Johnny

These delightful stories are very thrilling and enjoyable for me and family.

We sense that these tell real truth of Jesus

and we cling to Him as of now.

Bangkok, Thailand

Goodness gracious.

I like this boy.

Good talkings.

All talker talking about is Jesus.

That good -- He saved me.

China

The majestic presentation of David and Goliath

shook me out of my established religion

which held me as a brainwashed captive and led me to Jesus.

My trust in Him erases my sins

and provides for me eternal life!

Moscow, Russia

I found new YouTube and so excited to discover Jesus.

So I am telling all persons.

But every person say, "Oh, we knowing this talker."

China

I was led to this page by calling a "wrong number".

I trusted in Jesus as my savior

and I continue to listen daily.

Allentown, Pennsylvania

## **Parable of the Cornerstone**

*Jesus fulfills all Dimensions  
of Quantum Mechanics  
in the Universe*

The cornerstone message is superb !

Excellent story with great (and humorous) explanations.

My atheist husband listened to the entirety

and said that it was the first Christian broadcast he had ever appreciated.

He stated that he would like to hear the other stories ! ! ! !

Amsterdam, The Netherlands

The cornerstone presentation correctly describes the many disturbing conundrums  
associated with quantum mechanics.

Every detail is scientifically accurate.

And yet this study transcends the realm of science.

The presentation is majestic and sublime.

If other religious teachers would make presentations which are clear  
and actually have something of value to contribute,

many of us would be more amenable to listening.

I have done something I never dreamed I would do –

I have begun to listen to the studies of “The Life of Jesus”

and I am greatly enjoying them.

Geneva, Switzerland

Marvelous and exciting story of the cornerstone.

Many men are now attentive to the scientific issues.

Our group has now divided a third time because of the size.

Many hear the Gospel for the first time.

Iceland

The cornerstone presentation is a stunningly accurate description of  
the intricacies and the inexplicable nature of quantum mechanics.

Not only is this the clearest and most concise description of the quantum realm,  
it is the only proposed solution I have ever seen.

Although I am not religious I am intrigued by the manner in which  
the professor provides a spiritual solution.

I do not hesitate to recommend this to my colleagues.

Latvia

Grateful for this rock story.

People looking for rock but cannot find,

so send message using phone (hahaha).

Since no finding rock, went downhill, then found it -- this the rock!

I see that when I find Jesus, Jesus is the rock.

China

These talkings thrill me deeply.

I discover Jesus -- Jesus is my savior.

We are loving our meetings.

We have tea and listen to talkings.

We never want a talking to end.

China

So excited to listen to talking of stone.

I laugh

And also have joy in me

to find Jesus.

China

The cornerstone:

interest, laughter, more interested, intrigued, confused, enlightened, joyful

-- my range of emotions as in 1 hour

I trusted in Jesus as savior.

Manila, Phillipines

All persons telling me of Mister Talker and finally finding!

With excellent happiness as I also find Jesus.

Mister Talker, so you recognize me in heaven,

my name Bella, having brown hair.

China
